You're here because you're a growth-oriented service-based business owner. And you're ready to achieve your wildest dream.

Being a business owner is hard and you know that in order to succeed, you need a team beside you << that's us.

But it's not that simple. If you really want to see your business flourish and avoid cash flow problems, you need to generate a consistent stream of leads. And that's where we come in.

Our super power is helping business owners like yourself become visible online, and generate leads without spending a cent on paid advertising.

### Our goal for you from our 12 month package:

- See a steady increase of organic leads in the first 6 months
- Become more visible online
- Feel more in control and calm
- Free up your time and energy
- Have more freedom and balance within your life

## What you'll get...every month:

Your social media posts created and scheduled along with a monthly newsletter send out. You'll get a blog formatted for SEO and published on your website, but that's not all...you'll also get a blog promo to ensure your blog is seen.

All this and the only input from you is an hour of your time each month to plan out the content and a few minutes each week to approve the content before anything gets scheduled and published. That's it.

Along the way, you'll get a monthly KPI report where we track the metrics that really matter.

## Bonus #1

We'll create a Customer Content Journey so you can learn how to guide and nurture your customer with content.

## Bonus #2

Instant access to any new courses, checklists and guides we create to help you to land clients easily.

## What you come away with:

An online presence that will resonate and nurture your audience, filling your sales pipeline with leads who are ready to work with you.

## When/Where/How Long?

We're remote so we do everything online using email and video calls. The package is for 12 months but if after 6 months you aren't seeing results, you can cancel the remaining 6 months.

## How do I sign up?

Decide whether you want to supply the content or have us write it. Then click on the Get Started button under the package options to message us via our website. I'll take care of the rest.
